

Medicare Readmission Penalties by Hospital (September Update)

Medicare will apply the readmissions penalty to reimbursements beginning on Oct. 1. This chart shows both the original penalties released by Medicare in August and the corrected numbers Medicare released on Sept. 28.

Maryland hospitals were not penalized because the state has a unique reimbursement arrangement with Medicare. In addition, hospitals with fewer than 25 cases in each of three categories--heart failure, heart attack and pneumonia--are exempt from the penalties. These hospitals are noted in the "Penalty Eligibility Status."
