## ORLANDO HEALTH LAW ATTORNEY SUCCEEDS IN OBTAINING DISMISSAL OF CHARGES AGAINST NURSE

**Orlando, Fla. - June 20, 2019** - The Health Law Firm announced that one of its attorneys, George F. Indest III, Board Certified in Health Law, recently succeeded in having a Department of Health investigation dismissed against a registered nurse practicing in Florida. The nurse was originally accused of obtaining and relying on a fake or phony nursing degree that was obtained online and using it within the practice of nursing.

Mr. Indest was able to obtain a dismissal by the Probable Cause Panel of the Board of Nursing. This means the case is now closed and there will be no record of it.

"We expend a great deal of time and effort in putting together a comprehensive presentation for the Probable Cause Panel in each case to do our best to obtain a dismissal. This way, if it is dismissed, it is never on the provider's license," Indest said.

The Health Law Firm routinely provides legal representation to nurses in a variety of different situations. You can visit our [Areas of Practice](#) page on our website to learn about how we can help if you find yourself in such a situation.
