Dear MS. [REDACTED]:

This is to inform you that the Agency for Health Care Administration (Agency) has reviewed your request for an exemption from disqualification from employment under Section 435.07 Florida Statutes, (F.S.).

The Agency has concluded that, based upon the information you provided and your background screening processed on [REDACTED], your exemption from disqualification from employment is **granted**.

This exemption does not change your criminal history record; it only provides eligibility for employment with health care providers required to conduct background screening. For that reason, **you must present a copy of this letter to each employer/potential employer in order to show your eligibility to work**. Health care providers licensed by this Agency may view your eligibility status by visiting the Agency's website at:

[https://apps.ahca.myflorida.com/s/\[REDACTED\]](https://apps.ahca.myflorida.com/s/[REDACTED])

You must notify your employer and the Agency immediately if you are arrested for a criminal offense after the date of this letter. It is against the law for an individual to work in a health care facility if they have committed a disqualifying criminal offense. The exemption reflected in this letter will not apply to any new disqualifying criminal arrests or court dispositions that occur after the date of this letter.

Thank you for your cooperation during the review of this matter. If you have any general questions about the disposition of your Exemption, please contact our agency at (850) 412-[REDACTED], or email [REDACTED]@ahca.myflorida.com, or fax (850) 487-[REDACTED].

Sincerely,

[REDACTED]

Chief of Central Services  
Division of Health Quality Assurance
